VOLUME 45-NUMBER 37

THURSDAY, SEPTEMBER 19, 1985

BELLE GLADE, FL.

## Two killed in SR 80 crash

**BELLE GLADE**—The crossing over the center line by one vehicle is being blamed by the Florida Highway Patrol for the head on crash which claimed the lives of two men on SR 80, approximately 3.2 miles east of Belle Glade, Thursday.

Killed in the mishap were U.S. Army Recruiter Enrique Humberto Anderson, 28, Ft. Bragg, North Carolina, and Leland Jay Robar, 57, 412 Cardinal Drive, Satellite Beach, Florida.

According to FHP reports Anderson was eastbound on SR 80, when he apparently swerved onto the south shoulder of the road, came back on the road-way crossing the center line and allegedly striking Robar head on.

Investigating officers for FHP were Troopers Nathaniel Stark and Calvin E. Floyd.

TWO MEN were killed in this SR 80 crash on Thursday September 12.

## Cities submit proposals

**BELLE GLADE**—In the meeting of the Glades Housing Authority last Thursday night, it was agreed to begin distribution of developers packets Friday, in order for developers to submit their proposals on how to use \$5 million in county money to improve housing in the Glades.

Included in the packets are guidelines on how the projects are to be chosen, financing techniques developers might choose, and a two-page form for project information.

Developer proposals are to be in the authority by September 27. Proposals not in by the prescribed date, may be considered at a later date.

According to Allan Schnier, Director of Palm Beach County Housing and Community Development, his office has received eight or nine developer projects so far.

He told the committee he is ready for his staff to begin sifting through them in order to

## Town Talk

### Super Swim

The Leukemia Foundation's Super Swim will be Saturday, Sept. 21 at the Belle Glade Motor Inn.

The Kiwanis Club of the Glades is sponsoring the event. Sponsor sheets can be picked up at the Belle Glade Chamber of Commerce.

### Play presented

The Main Street Players, Pahokee's local community theatre group, will present the brand-new comedy version of Mark Twain's "The Adventures of Huckleberry Finn."

All of these delightful, wholesome, amusing, and human incidents will be graphically set forth on the stage of the Prince Theatre at 8:00 p.m. Saturday, September 21, and 3:00 p.m. Sunday, September 22.

All your favorite characters from the novel will be there in person, so don't fail to come and enjoy meeting them.

## Leagues forming

**BELLE GLADE** A new mixed league is forming for Friday evenings at Belle Glade Bowl.

The first meeting will be Friday, September 20 at 8 p.m. Anyone interested in participating should attend the first meeting.

## Group meets

**BELLE GLADE** The Glades Farm Crafts Advisory Committee will meet Wednesday, Sept. 25 to discuss plans for courses to help farmers and workers during The 1985-86 harvest season.

Extension agent Lisa Abrams said the meeting will be at Palm Beach Juniro College-Glades in Room 222 at 9:30 a.m.

## Blood bank hours set

The Palm Beach Bloodmobiles will be welcoming donors on Tuesday, September 24 at the following locations this week:

Glades Community High School, 425 W Canal Str., Belle Glade, 8 a.m.-noon.  
West Technical Education Center, 2525 SR 715, Belle Glade, noon-1:30 p.m.  
Everglades Memorial Hospital, 200 south Barfield Highway, Pahokee, 2:30-4 p.m.  
First Baptist Church, Pahokee, 225 Bacon Point Road, 5:30-8 p.m.

## Morris concert a big hit

By ELKESCHWARZ

**BELLE GLADE**—Country star Gary Morris started off the Dolly Hand Cultural Arts Center's fall season last Thursday, September 12.

Jeff Gray, a country artist discovered by Morris in New Zealand 15 months ago, opened the show.

He sang a recent Dan Fogelberg number, "Hard To Go Down Easy" and also performed a few songs he had written, such as "Always Be With You" in a rich voice.

After Gray had finished his numbers, a clean shaven Morris, clad in a black and white stepped onto the stage.

With cheers from the audience, he started out his unbroken concert with his recent hit song "Second Hand Heart."

He proceeded to sing an old Vera Gosden hit "I Can Tell By The Way You Dance (You're Gonna Love Me Tonight)" and effortlessly sang "The Love She Found In Me".

Morris revealed some on-goings in his career to an almost full house.

"I've had a new album out for the past three weeks now," he said. "Right now it's number 20 on the national charts."

He also said that he and country artist Crystal Gayle will be releasing a single together.

They will sing the duet together on the Count-

## South Bay approves yearly budget

**SOUTH BAY**—South Bay Commissioners passed a number of resolutions at their regular meeting Tuesday, September 17, including their city budget and millage rate.

Commissioners approved their budget of \$910, 856, a decrease of \$38,600 from the formerly proposed budget.

Cutbacks were made in the intergovernmental revenues and public works expenditures. A sum of \$32,960,783 was set as South Bay's millage rate for the year ending December 31, 1985.

A tax of \$6.459 mills on every dollar value will be collected on all property, including business property.

Along the lines of budget, the city opened two bids for the installments of lights in Cox Park.

From Carter Electric they received a \$33,485 bid and from Quality Electric in Clewiston a \$29,000 bid.

Only \$17,000 had been put aside for the lights, to this Commissioner Don Tanner said, "There is no way we can afford this. I think we should reject both bids."

After the commission rejected both bids, Mayor Clarence Anthony said he was concerned about the lack of lighting in the park.

"We need lights in the park. I've gotten a lot of complaints about it," Anthony said. "The kids can't do anything after 7 p.m. They need a place to play."

Tanner suggested to resident Basil Anderson, also a member of the Youth Advisory Council, if YAC couldn't help raise money for the much needed lighting through fundraising drives.

Anderson said he would talk Tanner's suggestion over with other YAC members in their next meeting.

In the city managers report, City Manager Lomax Harrelle reported that a 100 square ft. of property needed to be fenced in for trash dumping.

The property is located north of NW 6th Ave and also south of NW 7th Ave.

In the city managers report, City Manager Lomax Harrelle reported that a 100 square ft. of property needed to be fenced in for trash dumping.

There is a possibility that the Glades may lose their privilege of jury trial and Tanner said that there was a need to maintain the jury trials in the Glades.

The city also approved resolutions to:

- pay \$2,361.73 to Barker, Osha, Anderson, Inc. for the engineering design of SW 1st and SW 6th Streets.
- pay \$45,923.61 to Edens Construction Company for paving, drainage and sidewalk improvements of NW 1st, NW 6th, and NW 7th streets.
- pay \$1,542.23 to Barker, Osha, Anderson, Inc. for sidewalk improvements.
- pay \$3,512.77 to Barker, Osha, Anderson, Inc. for engineering services for SW 1st and SW 6th Streets.

Two proclamations were also put into effect. The week of October 6-12, 1985 will be

South Bay/Page 2

## Chamber sets banquet date

**BELLE GLADE**—Belle Glade's Chamber of Commerce has set October 17 at 8 p.m., as the date for their annual Awards Banquet.

The Chamber is considering the Country Club as the location for the event. Vice President of U.S. Sugar Corporation, Bob Lee will act as MC and former Palm Beach

County Commissioner Bill Bailey will install the new officers.

Dr. Ed Easey, director of Palm Beach Junior College, will be asked by the chamber to be the guest speaker at the banquet.

Tickets will be \$17.50. In other matters, Robert Mathews, Jr., member of the

beautification committee, asked the chamber for their help in replacing new welcome signs for the city. He suggested the signs would say changed from "Winter Vegetable Capital of the World" to A committee of something along the lines of "A Nice Place to Live". Mathews also said

the signs should be architecturally designed. Steve Weeks, President of the Chamber, said he thought it was a good idea, since the signs would say something positive about the community. A committee of chamber members and the beautification committee will get together next month to work on the project.

## Morris continued from 1

try Music Awards next month.

Another notch Morris can carve in his belt is being nominated again by CMA for 'Male Vocalist of the Year.' He was named the 'Male Vocalist of the Year' in 1984.

In a backstage interview, Morris told how he got his start in music.

"I expected to be a professional athlete even up to the time I was 20," said Morris, who grew up in Fort Worth, Texas. "I got into the music profession by accident. I went to Colorado with a couple of boys between my sophomore and junior year to chase girls for a summer and we figured on getting some type of job singing to pay the

rent. I've been singing ever since."

Although not considering himself a traditional country singer, he will go with the flow of country music.

"I'm country for '85," Morris said. "We who make music for a living and who have some kind of pride in creating, all come from the same source. Some of us do country, some do rhythm and blues, some do opera. So it's different music, notes and style, but it's all music and that's what I do. I do music. If the music changes in 1990, I'll change with it."

Morris commends his band. He truly believes they're the best in the business. Because they are

so special for him, he says he performs with them in their hometowns so they can receive special attention, even though financially they take a loss.

But more importantly, Morris loves his fans.

"I love my audience and there's places to go we got to play. There's people out here that love the music. So you don't do everything for money," Morris said.

He also told a humorous story about Clewiston born Gary Hooker, who plays lead guitar in The Gary Morris Orchestra.

"Most of the band is from Augusta, Georgia, and when I introduce them I go across the stage and say 'He's from Augusta and he's from

Augusta,' etc. When I get to Gary Hooker, because Clewiston, Florida is not the 'hot spot' in the country, I always claim that Gary is from the town we're playing in," said Morris.

When asked about his clean shaven face, Morris said, "It was an accident."

Morris finished the concert by dedicating the song "Wind Beneath My Wings," which won him '1984 Male Vocalist of the Year' to Dolly Hand.

Morris' incredible singing voice and his performance will not be soon forgotten.

Next on the Dolly Hand agenda is the Suncoast Chapter of Sweet Adelines, from Miami, Florida on October 12.

## Housing continued from 1

have them ready for the County Commission by October 17.

Developer projects that are received by September 27 will be reviewed by Schnier's staff, and presented to the committee on October 3.

Schnier said his office has received seven or eight proposals from Belle Glade, one from Pahokee, and one from South Bay.

Committee Chairman Belle Glade Mayor

Thomas Altman, and Remar Harvin, Planning and Community Development for the City of Belle Glade, said they would like to hand deliver developer packets to local developers.

Schnier presented to the committee the "super block" plan which will establish priorities among project areas.

According to Mayor Altman the "super block" plan is the development of complete

blocks within project areas.

Schnier added they are hoping to find blocks that won't take a lot of capital investment. Ideally he said they want land which already contains water and sewage.

"If we can find land which will take little capital investments new structures can be developed easily, saving GHAC money and still provide new housing," he said.

When the committee was asked if any of the

new structures would be built to house the handicapped and elderly, Ed Lowery, Housing and Community Development staff member, said 15 per cent of county housing improvements will be allocated for handicapped and elderly people.

He added between 10 and 13 per cent of the contracts are set back for minority contractors.

## This weeks felony cases filed in the Glades

Felony cases filed in the Glades the week of Sept. 9, 1985.

Johnny M. Lewis, Apt. 66 Osceola Ctr., Belle Glade, Florida - strongarm robbery, grand theft.

Cynthia Hill, 540 SW Ave. E No. 8, Belle Glade, Florida - armed robbery.

Randy D. Phillips, 656 SW Ave. C No. 5, Belle Glade, Florida - poss. of cocaine w/intent to sell.

Robert E. Garcia, 1825 McKinley St., Hollywood, Florida - poss. of burglary tools, loitering & prowling.

poss. of burglary tools, loitering & prowling, criminal mischief, petty theft.

Joe N. Griffin, address (unknown) - armed robbery, person engaged in criminal offense, having weapon, carrying concealed firearm, battery.

Earl Henderson Jr., 541 SW Ave. B No. 7, Belle Glade, Florida - att. 1st degree murder.

Harry F. Brockman,

## Front, rear bumper heights must meet rules

The Florida Highway Patrol reminds owners of automobiles and pickup trucks of a new law effective October 1 which requires front and rear bumpers to be within certain height levels from the pavement.

The new law also requires that vehicles be equipped with front

and rear bumpers and the statute is similar to laws adopted by several other states.

Lawmakers passed this law in response to the growing number of vehicles on Florida highways that are equipped with bumpers at higher distances from the ground. There have been several collisions between vehicles with mismatched bumper heights which have resulted in a number of fatalities.

Colonel Bobby R. Burkett, director of FHP said, "Excessive raised bumpers, or vehicles with no bumpers at all, sometimes, become lethal weapons on the road. An informal Florida Highway Patrol study of traffic accidents revealed that 18 accidents resulted in fatalities and four others caused serious injuries within the past five years due to high bumpers."

According to Burkett, his troopers will issue citations after October 1 to the operators of vehicles not meeting the new law's standards. Failure to abide by the statute is considered a moving violation and could result in a fine of \$80 in addition to any related court costs.

The height limitations are governed by the net shipping weight of the vehicle, rear not the modified or altered weight.

The "maximum" heights between the pavement and bottom of the bumper, as provided by law, are:

Cars with a net weight of less than 2,500 pounds - 22 inches front and rear;

Cars 2,500 pounds or more but less than 3,500 pounds - 24 inches front; 26 inches rear;

Cars 3,500 pounds or more - 27 inches front; 29 inches rear;

Trucks under 2,000 pounds - 24 inches front; 26 inches rear;

Trucks 2,000 pounds or more but less than 3,000 pounds - 27 inches front; 29 inches rear;

Trucks 3,000 pounds or more but not more than 5,000 pounds - 28 inches front; 30 inches rear.

chances of incurring fatal or serious injuries when involved in a traffic accident. I am asking each affected vehicle owner to comply with the intent of the law so that this can be accomplished."

**Time Out**

by Tina Rongione

**CRUISES FOR SENIORS**

A cruise can be an ideal vacation for many seniors. Retirees can do as much or as little as they prefer each day. They will have the comfort and convenience of familiar surroundings to come back to after an excursion ashore. They will be secure in the knowledge that there will be no last minute surprises to destroy carefully planned budgets. There are staff personnel aboard ship, who quickly learn passengers' needs and preferences concerning cabin and table service. There is generally a medical facility with doctor, clinic and pharmacy to cope with basic health care. On many cruise lines, the purchase of an air/sea package also means escorted travel and assistance with baggage, customs and transportation in foreign ports.

If you're considering a winter cruise, now is the time to make reservations. Early booking guarantees your accommodations. At **GLADES TRAVEL SERVICE**, we want your trip to be a pleasure. There's no charge to you for our ticketing and consultation. conveniently located at 101 So. Main St., Suite 101, Mrs. J. S. Phone 996-4136. Member: TravelSavers Assoc., A.S.T.A. and P.A.T.A.

## Raiders Log

By TOMMY PERRYMAN

### FRIDAY THE THIRTEENTH

On Friday the thirteenth, Glades Central conducted its first day of club activities. SADD, sponsored by eleventh grade American History teacher Desmond Mahon, was one of the biggest clubs with more than 100 members. All students are being urged to join clubs; these clubs are for the purpose of making all students a part of the GCHS family.

JESSE JACKSON

On Tuesday, September 10, the Glades Central student body welcomed a very special guest, ex-Presidential candidate Jesse Jackson. He unofficially kicked off his 1988 Presidential campaign here in Belle Glade. He took more than an hour out of his busy schedule to speak with Glades Central students about a variety of problems, one being the pressures that today's teenagers are facing. He also spoke about students who are soon to be eighteen and their responsibility to

register to vote.

### A DAY AT THE THEATRE

Mrs. Sarah Bennett's drama classes took a field trip Tuesday the tenth of September to the Burt Reynolds Jupiter Theatre. They departed from the school at 10 a.m. and returned home at 5:15 p.m. The field trip was to view a dress rehearsal for the musical, "Ain't Misbehavin'." The trip was intended to enlighten students on the process of setting up for a play and also for entertainment.

...

Letter writing is going beyond the classroom! Eleventh grade student, William Zeledon, at Glades Central High School, recently wrote President Reagan to tell him about his concerns. William, a Nicaraguan student who spoke no English in the Spring of 1984, received not only a reply from the President, but also a portfolio of materials.

Anne Higgins, special assistant to the President, wrote, "He is encouraged by the concern expressed by so many of our nation's young people such as you." William received pictures of the President and a copy of the "Student

White House Report" which airs the concerns of students all over the country.

...

Glades Central's Junior Varsity football team has a challenge. They have lost only one game in three years and that was to Boca Raton. In 1983 they went undefeated and unscathed on. This has never happened in the history of the school before. For two years straight they haven't lost a game. Their first game will be on the 26th with Palm Beach Gardens. Their first home game will be the following Wednesday, the 3rd of October. Glades Central's Junior Varsity team has a challenge and they would like supporters to come out and help them face the challenge. Coaches are Pat Mackin, Bill Allen, Mike Collier, Charles Miller and Tim Canty. Several of the coaches are devoting their time without pay. Collier, Miller and Canty, former Glades Central football players, "want to give back to Glades Central what Glades Central gave to them." Together with the players, these coaches want to prove once and for all that "we aren't just great, we're the best in the state!"

## Gator Gab

Christy Hudspeth

School is back in swing again and our thoughts of fun and games are being replaced by books and learning. Luckily, though, this isn't completely true.

The Gators open up with their first home game of the season against the Bishop Verot Vikings on Friday, September 20th. Following that game, the cheerleaders will be sponsoring a victory dance with music by Billy T. Admission is \$3.00.

## Preceptor Gamma Omicron meets

Jeanette Dexter was hostess on Tuesday evening, Sept. 10, for the first meeting, after summer recess, of Preceptor Gamma Omicron Chapter of Beta Sigma Phi.

The Vice President, Sue Kidder, presided in the absence of President Dee Luce.

Nancy Carpenter, budget chairman, presented the proposed budget for 1985-86, and it was accepted by the members.

Program Chairman Esther Walker outlined the programs for the year, the theme being "The Renaissance" was presented by Jeanette Dexter on

Class. Everyone agreed much enlightenment would be received by all.

The social committee reviewed their proposed calendar of events.

A pot-luck supper on Friday evening, Sept. 20, at the home of Mr. and Mrs. Warren Battle will be the first get-together for members, husbands and guests.

Sunshine Chairman Marie Battle reported that cards, food and/or flowers had been sent those who had recently been ill.

A very interesting and enjoyable program "The Renaissance" was presented by Jeanette Dexter on

their extended trip touring England, Scotland and Ireland.

Refreshments of cake, coffee and nuts were served by the hostess.

Thirteen members were present in all.

Those attending but not mentioned above were Virginia Lindrose,

Pat Ayres, May Nell Cook, Gene Cross, Gene Connell, Vivian Pate, Virginia Anderson and Dot Ribacchi.

## Botts is new FFVA manager

FFVA Executive Vice President George F. Sorn today announced the employment of Daniel Botts as a graduate of manager of the newly established Environmental & Pest Management Division of FFVA.

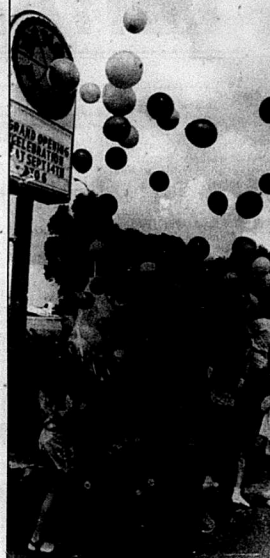

Botts, currently technical director for South Bay Growers, Inc., has been associated with production agriculture since 1979 and has been involved with environmental and pest management for the company.

His duties at FFVA will include working benefit of FFVA members.

A graduate of Auburn University, Botts earned his bachelor degree in zoology and his master degree in botany and

zoology. He also served as a research associate at Auburn before joining South Bay Growers.

Botts said, in making the selection, that he is confident Botts will be able to "hit the ground running" to fill the needs of FFVA growers in the environmental and pest management area. He is expected to join the FFVA staff October 1.

A BALLOON LIFTOFF was only one of the events that took place at the grand opening of the new Belle Glade Town Square Saturday, September 14.

## Spiritual retreat

CANAL POINT The Canal Point United Methodist Church will sponsor a special ladies spiritual retreat at the church, Friday, September 27 at 1 p.m. and Saturday, Sept. 28 at 9 a.m.

The speaker and leader will be Mrs. Johnnie Lord, Mrs. Lord is the wife of Peter Lord, pastor of the Park Avenue Baptist Church in Titusville, FL. She is a noted conference and retreat speaker.

A nursery will be provided. All ladies of the area are invited to attend.

## Teenage Alcoholism

Dear Editor:

As you are well aware, the Department of Business Regulation is concerned about underage drinking. We believe you share our concern and are in a position to help us stop the sale of alcoholic beverages to underage persons. The Division of Alcoholic Beverages and Tobacco has recently established a toll free number to report alcoholic beverage sales to underage persons anywhere in Florida. The number is 1-800-AGE-15 21.

In order for this number to become an effective tool in combating the underage

drinking problem, we are asking for your support. Please help us by publicizing this number in your newspaper for the benefit of your readers. On behalf of the Department of Business Regulation I would like to thank you in advance for your support. Your assistance is greatly appreciated and is an important element in helping to end the problem of underage drinking.

Sincerely,  
Marnie Law  
Public Information Officer of the Department of Business Regulation

## Property appearance

Editor:

I am writing concerning the property located on Southwest 14th Street on the south side of the back of Glades Plaza. The appearance of the area is not visually attractive. It is a target area for crime because of the high brush and trees. There is unfortunately a noticeable amount of litter being thrown out of car windows in the area also. Snakes are roaming the neighborhood. I even found one in my house and two more in my yard.

I am sure this property is located within the city limits and

something can be done to have this area improved.

Mandatory trash pickup will not be the entire answer to this problem.

The residents in our community must accept part of the responsibility by placing their trash in proper containers for pickup.

An unsanitary ditch is located on the corner and a rock pit is also located on the property.

We have pride for our neighborhood. We would like the city, county, or the property owner to provide some type of attractive landscaping in the area.

Dorothy G. Oliver

## Preserving the old City Hall

To the City of Belle Glade City Manager and all City Commissioners:

The American Legion believes in the historic traditions of our nation, state and community. It is the history of the City of Belle Glade which compels us to write this letter.

The original Belle Glade City Hall (1929) is now located, having been moved once, in an area of dilapidated buildings, some of which are being torn down. We wish to see it preserved.

Furthermore, we would like to see it moved to the Municipal Complex

where it can be appreciated by the general public. Surely there are Federal and State Funds available for such a project.

We of the American Legion ask you to consider the importance of preserving our City's historical heritage. We ask you to examine this matter and to act quickly before the 1929 Belle Glade City Hall is lost to us forever.

Thank you for your kind consideration.

Sincerely,  
Fred Youchok  
Commander of the American Legion,  
Everglades Post No. 20

MEET JACK. JACK IS A HARD-WORKING, PATRIOTIC AMERICAN WHO LIVES WITH HIS FAMILY IN A BETTER AMERICAN TOWN.

LATER, JACK'S SON DIED OF CANCER. QUITE SUDDENLY, OTHERS IN THE TOWN WERE ALSO STRUCK. SOME BLAMED JACK'S TOXIC LANDFILL DOWN THE ROAD.

JACK READS THE MORNING LOCAL NEWSPAPER. "DAMNED MEDIA," HE SAID, "ALWAYS DIGGING UP DIRTY INFORMATION ON GOVERNMENT OFFICIALS!"

JACK WAS FURIOUS. HE DEMANDED ACTION, BUT THE LOCAL OFFICIALS STONEWALLED. STATE AND FEDERAL OFFICIALS IGNORED HIM.

ONE DAY, A LOCAL POLITICIAN SUED THE LOCAL PAPER FOR LIBEL. HE LOST THE SUIT, BUT THE PAPER WENT BANKRUPT FROM LEGAL COSTS.

"I KNOW," JACK SAID, "IF THE PUBLIC IS OUTRAGED, THEY'LL PUT PRESSURE ON THE GOVERNMENT AND THEN THEY'LL DO SOMETHING!"

"THAT'LL SHOW THE ARROGANT MEDIA," JACK SAID. "WE CAN DO WITHOUT THOSE CYNICAL, TROUBLE-MAKING MUCK-RAKERS!"

"I'LL JUST CALL THE LOCAL NEWSPAPER."

## Hits & Misses

Bill Doughty

## We're in this thing together

This week, Sept. 15-21, is National Newspaper Week. It's a time to tout our own born, naturally, but more importantly, it serves to remind people everywhere about the evolution and importance of a free press.

History shows us that a truly free press is a uniquely American invention and that its preservation is important not only to those of us in the newspaper business, but for the preservation of the individual freedoms we all cherish.

Our forefathers recognized the importance of a free press. The first amendment to the Constitution of the United States states:

"Congress shall make no law respecting an establishing of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

This year's theme for National Newspaper Week, "Freedom of the Press is Everybody's Freedom" was inspired by G. Kenna, publisher of the Athens (Ohio) Messenger in a 1984 National Newspaper Week editorial.

In it he called the First Amendment the cornerstone of the many freedoms we as people enjoy today.

"The right to know, to inform, and to be informed is basic to our way of life. It's a right, not of the press, however, but a right of the people. The function of the press is to serve the people's right to know. Restrict the press and you are restricting the people's rights and freedoms."

That is why "freedom of the press" is not a "right" of the press, but a "right of the people."

The press is not a perfect system by any definition of the word. It is, however, the model for much of the free world and the envy of oppressed peoples everywhere.

Recently, an Ohio editor and publisher, Ed Heminger, of the Courier in Findlay, Ohio, was speaking at the dedication of a Freedom Shrine in his home town. His concluding remarks were very appropriate in light of the National Newspaper Week theme. He said:

"At times, we complain of situations in this country, of our government, of taxes, and we recognize it's weakness...while at the same time recognizing it's the best there is."

"If we concentrate solely on its weaknesses, we become bitter scolds. If we concentrate solely on the fact it's still the best country in world, we can turn into smug, self-satisfied jingoists."

"What we need to do is hold both these ideas in tension at the same time, so that both our disappointment and our pride can mutually support our efforts to build a better country in a constructive, realistic way."

"Many Americans tend to polarize themselves; they turn into either intemperate critics and cynics, or into mindless patriots advising their neighbors to move elsewhere if they don't like it."

"We should be mindful of our nation's and our society's shortcomings...we should work to correct them...but we have every right to feel very strongly this is the best country there is...it offers the most promise, the most hope, the most opportunity of any place in the world."

"As our American citizenship gives us the right to be immensely proud of our country and all that it stands for...it also gives us an obligation to do what we can to make it better...to take an active interest in government, to vote, to be active in community organizations, to care and to express ourselves on the issues of the day."

"As we stand before this Freedom Shrine, let us ponder our heritage...and appreciate the great deeds of the past that have brought us to this moment and this place."

"We should recall how bitterly our freedom was won...the down payment that was made for it...and the installments that have been made for it...and the installments that have been made since the Republic was born two centuries ago...and indeed the ongoing price that must be paid to preserve our liberty. Our freedom can be lost unless we are good stewards of it."

"May our faith be something that is not merely stamped on our coins...but expressed in our lives. May we be reminded that freedom is not only to be loved...but lived."

"Liberty is perhaps the only thing that we cannot have unless we are willing to give it to others."

We in the newspaper industry hope you will join us in our continuing struggle to preserve our freedom, your freedom, freedom of the press.

## Letters policy

We solicit and encourage letters to the editor.

Our guidelines are simple:

- No libelous content.
- Letters should be relatively brief - no more than 300 words as a general rule.
- Signatures are required.
- No poetry, please.

## Salvation or not?

"Blessed Assurance, Jesus is Mine" is from Fanny Crosby's hymn. The words are easier sung than accepted and believed. We know Jesus, yet we have doubt about salvation or being saved. Many are so confident about being about live or survive that the need of salvation is not very high on our priorities.

Many of us might go through an experience such as my friend did in Tampa Bay. He anchored his boat about one hundred years from a little island where a small group of people were picnicking. Al dove into the water to swim around his boat but when he came up he was about 60 yards from his boat. He tried to swim back to it but the harder he tried he struggled further from his boat. His wife was in the boat but she couldn't operate it. He waved to the picnic group. They just waved back. He was about to give up when another boater and waved and yelled. The boater saw his need and rescued him. Al was on the verge of drowning and he was saved.

Spiritual salvation's need doesn't come to us as clearly as Al's need of being rescued. It takes a real jolt to bring us to feeling the need or the desire to be saved. Let's look at three basic positions taken by people today. Some have believed they are saved and nothing can shake them from this position. Some believe in Christ but say with the father, of boy with a dumb spirit, "Lord, I believe, help my unbelief." The third class is totally indifferent at the present to the matter of salvation. Let's assume we are in the second group rather than the indifferent. We are swimming with Al struggling against the underflow of life.

The assurance of salvation is not an automatic feature of a Christian's life. The assurance comes more and more strong as we struggle but until we climb into the boat does it become a reality. A true believer may have wait a long time to become a partaker. The Apostle Paul says, "We work out our salva-

## Dr. David T. Evans

Everglades Presbyterian Church

tion with fear and trembling."

Jesus said the road is narrow and the way is hard that leads to life. We continually need reassurance. The Apostle John in his first writes, "This letter is to assure you that you have eternal life." This is addressed to those who give their allegiance to the Son of God.

The writers of letters in the New Testament understood and understand the need of assurance of salvation and that it (the need of assurance) fluctuates in strength just as our faith does. The life of faith is not an easy one but one of unremitting struggle against the powers and pressures of the world.

Paul writes to the Corinthians, "Now we have not received the spirit of the world, but the Spirit which is from God, that we might understand the gifts bestowed on us by God."

Through the Holy Spirit we understand what God has done for us and given to us, and enables us to grow in faith. It is through the exercise of faith that we gain the assurance of salvation. Assurance is the by-product of faith in action.

No matter how withdrawn we are, or apparently far removed from God, we are never destitute of his love in Christ. The battle is hard but we are never alone.

The life we live does not seem to be the eternal one we have been promised but it is present, although not yet realized in its full potential power. The fruits of the Spirit may be delayed, but we may have to dig deeper; faith.

We can in our own lives take faith from the witness of the words of those who believed and lived in faith. Assurance of our salvation comes from a lifetime of struggle in faith, never quite arriving but always pushing on.

## Remember, it's your freedom

We're in this together, you and I. You, by virtue of the First Amendment, have the right to receive information you need to organize your life and to speak and act intelligently on the issues which require public attention.

I, by the same virtue, have the right to freely transmit the information on which you base your convictions, words and actions.

I would find displays of indifference on your part as disappointing as you would find me irresponsible if I failed to present differing viewpoints.

I appreciate the time you spend with

## Editorial

me as I know you are thankful for the services I professionally perform for you.

If I displease you, I rely on you to take your pen in hand and tell me so. Come to visit with me if you are so compelled. My door is open to you. Please keep yours open to me. You need me. I need you. Who am I?

I am your newspaper.

# Miscues dash Glades Day Gators' hopes

**By ERICK KOPP**  
**BELLE GLADE** "You can't turn the ball over six times in a football game, and expect to win it," said Byron Walker, Head Football Coach of the Glades Day Gators on their 10-8 loss to the John Carroll Rams.  
 Two turnovers stood out in the coach's mind particularly. A fumbled kick-off on the Rams 21 yard line which led to a Ram's field goal.  
 The second memorable turnover was the interception of a Gator pass on the John Carroll

26, which led to a Ram's touchdown.  
 Walker said he was pleased with the play of the Gators overall, especially the offensive and defensive lines.  
 His defensive 11 only gave up 103 yards of total offense on the evening.  
 Leading rusher for the Gators was Jorge Suarez who ran for 119 yards on 24 carries and scored the Gators lone touchdown.  
 Quarterback John Hundley was seven of 20 for 107 yards in the passing department.

"We've got to learn when we get the ball down close you've got to stick it in the end zone," said Walker.

Walker expects to see a lot of well executed wishbone offense from Bishop Verot Friday, as they come to Belle Glade to take on the Gators.  
 "Bishop Verot isn't big, but they execute well and have a good defensive team," said Walker.

Walker added he is also concerned about the quickness of the visitors.  
 The head coach feels the Gator passing game should work well, but his main concern is sustaining an offensive drive.  
 "At this point I feel the game is a toss up, but we need to take advantage of our scoring opportunities," Walker stated.  
 Kick-off for the Gators-Bishop Verot contest is slated for 8:00 p.m. at the Glades Day stadium.

# Fishing on the lake waters with Tennessee

Compliments of Tennessee's Pro Guide Service

The final tournament before the classic in the Terry Ford Tournament Trail brought fame and fortune to two local fishermen. Abbo Peacock and Bucky Sanders took first place with a total weight of 28 lbs. 4 oz. last Sunday out of J-Mark Fish Camp.  
 High winds and rough water didn't slow these guys down and netted them \$1,125.00 to boot. And Bucky didn't even fall out of the boat this time! Ha Ha!  
 Jim Fowler and Steve Porter of Okechobee took second place, while Russ Bringer of West Palm Beach and Barry Cummings of Ft. Pierce took 3rd. Jack and will be fishing the Rice of Slim's Fish Camp and Robert 17th for the two new Gordon of West Palm Ford of Pompano

Beach won 5th place and H.L. Barber, South Bay, along with Benment Tyson went home in 6th place. Tenth place went to two local fishermen, Pablo Sanchez and Harold Peacock.  
 The largest "big fish" of the tournament was caught by Lamar Bryant and weighed in at 9 lbs. 9 oz. Second place "big fish" was won by Jim Fowler and weighed 8 lbs. 9 oz. Jerry Califano won the Mercury Thruster trolling motor.  
 Harold Peacock, the Lowrance Flasher, and Dave Bessmen won the Phenix rod.  
 To the fishermen who made the Top 50 Cummings of Ft. Pierce took 3rd. Jack and will be fishing the Rice of Slim's Fish Camp and Robert 17th for the two new Gordon of West Palm Ford of Pompano

released the fish. Specks have been going hard and heavy. I've caught several limits this week on

jigs. Other local fishermen bringing in good catches this week were Mac McGinnis

and his wife Laura Bell, Joe Rush and wife, Mildred, along with Sid Smith and Cecil Kelly. My boating tip for

this week is real simple and the weather is just right for it. Wash and clean your boat, get rid of old hooks, line and

garbage and the fish smell. You and your boat will appreciate it. Until next week, safe boating and good luck fishing.

# Society

## Leukemia super swim set

BELLE GLADE — The Leukemia Society's fifth annual Super Swim Classic will be held from noon to 3 p.m. Sept. 21 in the Belle Glade Motor Inn pool.

Palm Beach Area Chapter Director Catherine Tynan said sponsor forms may be obtained at the Motor Inn, the Belle Glade Chamber of Commerce or by calling the society at 882-2770.

Swimmers will compete to raise money for cancer research and to win a trip of their choice on Eastern Airlines as well as for other prizes from Eric Ford, Southeast Bank and Century 21.

Ms. Tynan said leukemia is the number one killer of children ages 3-15. Because of research, 70 percent of all children and 30 percent of all adults afflicted can be cured but 17,000 people are expected to die of leukemia next year.

"The chapter is asking anyone and everyone who can do the doggy paddle to join the fun of swimming to save lives," she said, adding the swim is sponsored by K. Hovnanian Companies.

## Beauty contest slated

BELLE GLADE — Sunburst USA beauty and baby contest will be coming the Belle Glade Civic Center, Friday October 4.

The baby contest age groups include boys and girls under one year, one year olds, and 2-3 year olds.

The beauty contest includes age groups 4-6 years of age, 7-10 year, 11-13 year, 14-17 year, and 18-27 year olds.

Judging is based on good looks, overall appearance and personality.

Winners in each age group will receive a crown, trophy, banner and entry fee paid to the state pageant.

Runners up will receive a trophy.

Entry forms can be picked up at the Belle Glade Herald at 607 S. Main Str. in The Group Plaza.

Participants are urged to be at the Center 30 minutes before the contest starts.

For more information, call Ann Corbett at 996-2397.

MR. AND MRS. TROY TYLER

## New baby boy

Mr. and Mrs. Matthew B. Lewis, 313 S.E. 7th St. N., Belle Glade are the parents of a baby boy born Aug. 23 at 5:01 p.m. at Good Samaritan Hospital in West Palm Beach. He weighed nine pounds, one ounce, was 21 inches long and was named Christopher Brian.

The maternal grandparents are Mr. and Mrs. William H. Caswell of Belle Glade.

Paternal grandparents are Mr. and Mrs. Kenneth O. Lewis of Belle Glade.

Paternal great-grandparents are Mr. and Mrs. Lester Lewis of Gerogia.

## Alston-Tyler wed

BELLE GLADE Lisa Alston and Troy Tyler were united in marriage August 10 at the Belle Glade Alliance Church.

Rev. Nick Kieschick, pastor of St. Peter's Lutheran Church, performed the candlelight, double ring ceremony.

The bride is the daughter of Mr. and Mrs. Jesse Motes of Belle Glade and Mr. and Mrs. Ray Alston of Belle Glade. The groom is the son of Ann Tyler of Belle Glade and the late James B. Tyler.

Bridesmaids were Alison Shirley, Angel Motes and Kay Taylor. The maid of honor was Michelle Marotta.

Soloists were Carol Schmidt and James Brewer. Mrs. Schmidt sang "Wedding Song"; Mr. Brewer sang "The Lord's Prayer" and they sang "You and I" together.

The director was Wyline Lockhart, aunt of the bride. The florist was Alice Mazon.

The bride's brothers, Dink Alston and Dale Alston read the scriptures during the ceremony.

Lisa's gown of white organza was designed by Mi Deb Bridals. The bodice featured a modified Queen Anne neckline and leg-of-muttin sleeves of chantilly and venise lace scattered with seed pearls and sequins.

The ruffled hemline of chantilly lace flowed into a chapel length train in the apron design of delicate Rachelle lace.

To compliment her gown, Lisa chose a cap of venise lace with a two scalloped pearl-edged veil.

To compliment Lisa's gown, her bridesmaids wore gowns of soft daphne rose tissue taffeta. The floor length gowns featured jewel necklines and dropped shoulders with elbow length puffed sleeves.

They carried a cascade of dusty rose and pink flowers hanging from an engraved glass with each girl's name. They all had lit candles in every glass.

The maid of honor wore flowers in her hair to represent maid of honor. The flower girl, Stacey Alston, wore a soft print gown in pastel pink. It featured a ruffled off-the-shoulder neckline and a flounce at the hemline.

The groom wore white tails with a dusty rose tie and cummerbun.

The best man Billy Tyler, brother of the groom, wore grey tails with a dusty rose tie and cummerbun.

Ushers were Jerry Kirchman, Vic Gummere and Eugene Stokes. They wore grey tuxedos with dusty rose ties and cummerbun.

Matt Alston and Stacey Alston, nephew and niece of the bride, were ringbearer and flowergirl.

The ringbearer wore a tuxedo similar to the groom.

Laverne Motes, mother of the bride, wore a floor length, bedded pink satin gown with bugle bead leaves diagonally across the bodice and around the wrist length sleeves.

Mrs. Lona Lockhart, grandmother of the bride, wore a floor length turquoise dress with an overlay of organza.

A reception followed the ceremony at the Belle Glade Elk's Club. A five-tiered heart shaped cake with pink rose buds was served.

Approximately 350 people attended the reception.

The couple took a honeymoon cruise in the Bahamas. They are now residing in Belle Glade.

The groom is employed at Kirchman Standard Oil. The bride is employed at the Glades Office Building in the tag office.

## Yates to lead Crusade

PAHOKEE — The First United Methodist Church will hold a Church Renewal Crusade, September 27 thru October 1, with preaching by Reverend Clarence M. Yates.

A church wide dinner will be held Friday, September 27 beginning at 6:30 p.m.

Beginning at 9:00 a.m., Saturday, September 28 a puppet ministry for children show will be held. The show is entitled "How Can Our Church Grow?"

Preaching will be done by Rev. Yates Sunday at 11:00 a.m. and 7:30 p.m., and again on Monday and Tuesday evenings, beginning at 7:30 p.m.

## Grandparent's Day held

SOUTH BAY — In celebration of Grandparent's Week, Rosenwald Elementary School shared a celebration with over seventy Grandparents and Adopted Grandparents-for-a-day.

Welcomed by a special program of entertainment, the Grandparents received flowers and certificates expressing Rosenwald's love and respect as they were recognized with their grandchildren.

Many extended family members joined the program as Aunts, Uncles, Fathers and Mothers came to enjoy the special day.

Following the show, grandparents visited classrooms and were welcomed to share part of their own grandchild's day in the classroom.

The day of sharing was brought to a close with a colorful, nutritious luncheon prepared by the cafeteria staff.

## Innovative plans unveiled to buy new house for Planned Parenthood Center.

By BRENDA BUNTING

**BELLE GLADE**—A new innovative plan was outlined last Thursday to potential investors by the Glades Planned Parenthood Center County Director Hal Scott.

The plan would call for investors to purchase a house at 630 South Main Street, Belle Glade, for use as

the new Planned Parenthood Center.

The outline calls for a limited number of 35 investors, according to Scott, who would be joint owners of the building.

He said the cost of the property is \$120,000 and Planned Parenthood is seeking businessmen to invest \$40,000 and assume a mortgage of \$80,000 for the remaining

balance. "We are relatively new in Belle Glade as far as seeking funds," Scott said. "We understand that in a sense, we have to earn our way."

He said Planned Parenthood was offering a limited number of investors an investment opportunity that is safe and provides significant annual tax benefits.

"We're showing you

a concept and asking your opinion," he told the group.

"If you had no interest at all in Planned Parenthood, but wanted the tax security, it's a good investment," Scott said.

Glades Planned Parenthood Director Anita Coverdale said there is a need for the new facility.

She said she has worked for Planned Parenthood for three

years sees the need for a larger, safer building than the present two-story facility now in use at 141 S.W. Second Street.

She said the stairs at the present facility are very steep and they have had two pregnant women fall down them. There is also a need for expanded education facilities, according to Coverdale.

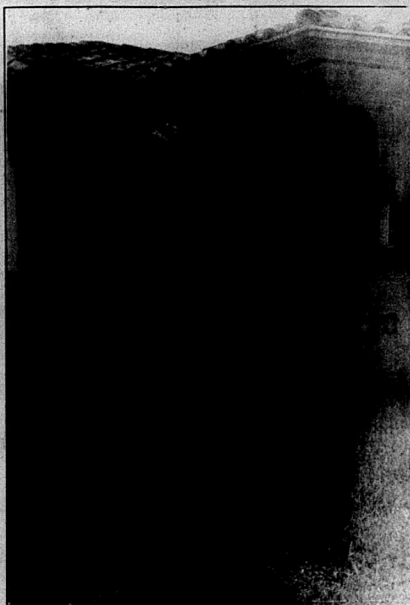

"We would like to offer prenatal care. Many women wait until they are six or seven months pregnant to seek care," Coverdale said.

She said venereal disease is epidemic and they see a lot of young teenage women also.

The Glades center was opened in 1975 above Cone's Paint Store and was estimated to serve 10 to 15 clients a month.

Coverdale said the center was now seeing over 300 women a month. "I think that's wonderful. We are making a substantial impact in their lives," Coverdale said.

"I like to think we don't just do a job, but that we make a difference in peoples' lives," she said.

PLANNED PARENTHOOD hopes to facility location. Shown is Glades purchase this house on South Main Director Anita Coverdale. Street, Belle Glade for their new

## Man held for sexual battery

**BELLE GLADE**—A Belle Glade man was arrested this past weekend on sexual battery charges.

According to police report, on Saturday, Sept. 14, Patrolman C. Kamstra responded to 569 SW 5th St. after a neighbor advised the police that she heard a woman screaming in

the area. After entering the apartment from which the screams were coming from, the woman inside told Kamstra that she had been raped by John Jones, 30, of 569 SW 5th St.

Further investigation revealed that Jones picked the

woman up close to his home and told her he wanted to get 'high'. He then took her to his residence and forced her to have sexual intercourse with him.

According to the victim, Jones choked her several times and also struck her on the head a few times.

The woman was taken to Glades General Hospital where a rape exam was performed.

Jones was also arrested for two outstanding misdemeanor warrants.

He was taken to the Palm Beach County Sheriff's Jail in lieu of a \$10,800 bond.

## Llorens wins Stetson scholarship

**DELAND**—Stetson University announced the recipients of 26 Presidential Scholarships for the 1983-84 academic year Sept. 4 at the opening Convocation exercises.

Beatrice G. Llorens

of Belle Glade was presented a check by Dr. Pope A. Duncan,

Stetson's president, for use during the coming school year. Llorens was one of four juniors to receive the honor. Students who make the highest grade point averages in the previous year are eligible.

"Each year we have more Presidential

Scholars than the year before," Duncan said. "The quality of Stetson students gets better each year and more students are qualifying for this scholarship than ever before."

In Duncan's Centennial Convocation Address two years ago he stressed the impor-

tance of providing demanding academic and leadership programs for highly qualified students. "By the growing number of Presidential Scholars, it is evident Stetson is meeting this goal, attracting quality students and keeping them," he said.

## Man arrested in cutting incident

**BELLE GLADE**—John Waldon, aka "Uncle Bud", 46, 130 SE 2nd St., South Bay, was arrested for an alleged cutting Friday, Sept. 6.

According to police

report, Patrolman M. Miller responded to the Stop and Go Store on 201 SW Ave. E., Belle

Glade. Deputy Sheriff John Russ was the first officer at the scene and told Miller he found victim James Raby, 32, of 289 Park View Court in Pahokee, sitting on the sidewalk bleeding profusely from his left side.

Emergency first aid was administered by Belle Glade Fire Rescue and he was transported to Glades General Hospital where he was treated for his injuries. Miller's investigation revealed that the cutting took place

somewhere in the area of Bell's Lounge. Raby had been cut by Waldon after they argued briefly because Waldon knocked Raby's hat off his head. Both subjects poured beer on each others face, which led to the cutting.

## 17 year old arrested for theft

**BELLE GLADE**—Belle Glade Police arrested a 17 year old youth for grand theft, Saturday, Sept. 14, in connection with a stolen purse incident, this past March 25, in which the purse contained \$4,000.

According to police report, Audrey Dotson of Pahokee, Florida,

purchased a meal at Dixie Fried Chicken located at 133 SW Ave. E. in Belle Glade, and left, leaving her purse behind.

The \$4,000 which was in the purse was paid to her by an insurance company when her trailer had burnt

down. Information as to a suspect was given to the Belle Glade Police Department leading to the 17 year old's arrest. The Belle Glade youth claimed she found the purse in the

ladies room of the restaurant, discovered the money, kept it and spent it. Dotson's identification was in the purse, but no contact was ever attempted.

jectives:

- Collect significant quantities of hazardous waste;

- Inform citizens what hazardous wastes are; and

- Demonstrate a need for facilities to properly manage the hazardous wastes all of us generate.

The project gives all citizens the opportunity to properly dispose of up to one drum or 450 pounds of hazardous waste free of charge. Reduced rates for disposal are available through the cooperative service program for those with up to five drums of waste.

Examples of waste that will be collected include old, banned pesticides, insecticides,

herbicides, solvents,

oil-based paints, laboratory chemicals, wood preservatives, strippers and waste motor oil.

Any questions should be forwarded to the DER Small Quantity Hazardous Waste Information Line at 1-800-342-0184.

## Vietnam Vets saluted

BELLE GLADE Vietnam Veterans were recognized Monday evening during a special flag raising ceremony at the American Legion, Post 20, Belle Glade.

The ceremony was broadcast live from WSWN. A raising of a MIA-POW flag was presented by a special Honor Guard. The guest speaker was Mayor Tom Altman. He spoke of the how the American Legion contributed a lot to the community. He expressed gratitude for all the contributions Vietnam Veterans have given to the country.

THE HONOR GUARD marches at the MIA/POW ceremony at the American Legion.

## New quotas cause sugar industry more headaches

By BILL DOUGHTY

The United States Department of Agriculture Friday announced sugar import quotas of 1.85 million tons for the upcoming year, a move that further increases the possibility of area sugar producers forfeiting \$154.2 million in government loans.

Less than a week after he reassured area residents the loan threat was not that great and talk of not including sugar in the 1985 Farm Bill was merely "political saber rattling," Dalton Yancey, executive vice president of the Florida

Sugar Cane League and other industry officials reacted with shock at the news.

But, while the quotas will allow 1.85 million tons of foreign sugar into the country next year, far above the 800,000 ton limit the industry requested, Yancey maintains that it does not mean the end of the sugar industry.

Those quotas are being taken seriously, however, by industry officials in Washington, D.C. to lobby for the new Farm Bill.

"We intend to ask USDA Secretary John

Block to reconsider the quotas," said Yancey.

Yancey said the more liberal quotas will increase the difficulties in paying off loans that five of six major processors have said they intend to forfeit.

At stake are \$154.2 million in Commodity Credit Corporation loans for which area processors put up 435,146 tons of raw sugar as collateral.

The five producers announced their intention to forfeit on Sept. 1, as they have two other times this season. The forfeitures were avoided on those two occasions when the USDA granted extensions.

The processors have until Sept. 30 to pay off the loan and Yancey said last week they were hoping for either another extension or, preferably, drastically reduced import quotas.

If tighter quotas were announced, he said, it would increase the chances of selling the sugar. Yancey continued to blame the USDA on their lack of action in adjusting the quotas over the year as it became apparent supply would drastically outweigh demand. That, he said, is what made forfeiture a real possibility.

According to Yancey, the industry had requested the USDA consider restricting total imports to 800,000 tons a year, compared with the 2.6 million tons allocated for the period between Oct. 1, 1984 and Nov. 30, 1985.

Block announced the quotas totaling 1.85

million tons over the next year, noting they had been decreasing over the past several years.

"But this year has been 14 months long for the quotas and next year will be 10 months long. When you average it out, there isn't much difference," Yancey pointed out.

According to Horace Godfrey, an industry lobbyist in Washington, premature leaks of the quota on Wednesday caused further problems.

"That hurt the countries in the Caribbean basin, because the price of sugar has fallen \$30 a ton since the quotas were leaked, and they're helping the countries the quotas are being held up to help."

Godfrey said the high quotas were an attempt by the Reagan administration to aid the sagging economies of sugar-producing Caribbean countries.

Yancey remains optimistic, noting that the current Farm Bill runs for another year, and that a good chance remains for passage of the 1985 Farm Bill.

Sugar, he said, is still a part of the House version of the bill, with loan rates set at 18 cents a pound.

That is what the group is concentrating on at this moment, despite the announcement of the quotas.

"We don't want to overreact on the quotas until we have a chance to take a good, hard look at them," Yancey said.

## Sorority holds luncheon

BELLE GLADE The Nu Kappa Chapter of Beta Sigma Phi held their Beginning Day Luncheon on Saturday, Sept. 7th at the home of Laura Finnican.

A luncheon was serv-

ed and gifts were exchanged among members. Door prizes were won by Donna Alson and Celia Elrod.

Plans for the season were discussed between the members. The members are planning

a drawing. A Gucci purse will be given away. Tickets will soon be available for \$1 a ticket from all members.

Three new members were initiated into the sorority. They were

Ana Baez, Donna Alston and Laura Finnican.

Chapter members present were Celia Elrod, Margie January, Ana Baez, Laura Finnican and Donna Alston.

Hometown recipes from hometown folks

## Pick your favorite recipe

### Chicken and buttermilk dumplings

Marie's Restaurant, located at the intersection of U.S. 27 and SR 78, just west of the Moore Haven City Limits, can boast of having Charity

Lee's pretty face waiting on tables. Charity is Miss Glades County '84-'85 and she is a Junior at Moore Haven High School.

#### Ingredients

1-3 pound chicken  
1/4 teaspoon white pepper  
1/4 teaspoon salt  
1/2 teaspoon yellow food coloring

2 cups self-rising flour  
3 tablespoons cooking oil  
2 eggs  
Buttermilk to moisten

Boil chicken, salt, pepper, and food coloring. Debone chicken.  
Mix flour, oil, and eggs with enough buttermilk to make dough consistent to bisquit dough.

Spoon into boiling chicken broth (use a teaspoon). If not thick enough, mix a little flour and water until desired thickness. Cook until dumplings are done.

Charity Lee

### Pan Cookies A La Mode

Made with morsels for that tried and true taste, the recipe calls for spreading the batter in a baking pan (rather than dropping by rounded teaspoons).

The results yield a giant cake-like cookie that can be cut into 3 inch squares and of course,

topped with a scoop of ice cream.

Cookies and ice cream without hot fudge sauce will never do for true chocolate aficionados. Though the recipe is optional, this is one fudge sauce that may well become "mandatory" in your house.

#### Ingredients

2 1/4 cups all-purpose flour  
1 measuring teaspoon baking soda  
1 measuring teaspoon salt  
1 cup butter, softened  
3/4 cup sugar  
3/4 cup firmly packed brown sugar

1 measuring teaspoon vanilla extract  
2 eggs  
One, 12 oz. (2 cups) semi-sweet chocolate morsels

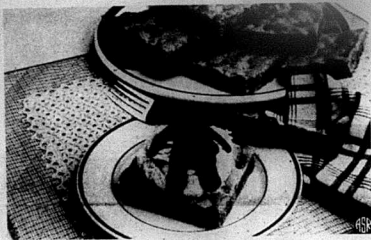

1 cup chopped nuts  
Ice cream, softened

Preheat oven to 375 degrees. In small bowl, combine flour, baking soda and salt; set aside. In large bowl, combine butter, sugar, brown sugar and vanilla extract; beat until creamy. Beat in eggs. Gradually add flour mixture; mix well.

Spread into greased 15" by 10" by 1" baking pan. Bake at 375 degrees for 20-25 minutes.

Cook cut into 3" squares. Top each square with 1 scoop ice cream. Drizzle Hot Fudge Sauce on top, if desired.

Stir in semi-sweet chocolate morsels and

## Hints on how to prevent food poisoning

As many as one American in six may fall prey to food poisoning in a single year, the Food and Drug Administration estimates.

Most of the illnesses are mild and soon forgotten. Often an individual's illness is passed off as "a stomach virus going around." But some other cases require lengthy recuperation and may be life-threatening. Almost all the problems — the spoiled vacations and discomfort and the rare deaths — could be avoided if people followed a few simple rules. These are especially important, FDA scientists say, in the warm months when people plan picnics, barbecues and camping trips.

Few foods are sterile. That is, in almost all foods, low levels of bacteria are common and unavoidable. One trick that gives you a margin of error on picnics is to take along only foods with low susceptibility — that are not good hosts — to food poisoning organisms.

These resistant foods include scrubbed whole fruit, processed lunch meats and processed hot dogs whose preservatives protect you when refrigeration isn't at its best, canned meats, and canned or scrubbed raw vegetables. If carrying along raw meat or poultry, keep them cold and in leak-proof containers until grilled and eaten.

Salt and, to some degree, sugar are preservatives, so if your diet permits, picnics are a good time for potato chips and cookies or cake — but leave cream-filled desserts behind.

Here are other ways FDA says you should protect yourself when planning or preparing meals, particularly warm-weather picnics.

- Remember that moist proteins such as meat, poultry, eggs, seafood, custards, cream pies, potato salads, milk and milk products are very susceptible to organisms that can grow to poisonous proportions quickly and therefore should be properly refrigerated.

- Buy only pasteurized milk, cream, cheese and other milk products.

- Never buy, keep or use canned goods if the can is swollen or even badly dented.

- Wash your hands frequently when you are

preparing any meal. If you are ill or have a cut hand or skin infection, avoid preparing food. (And don't let such people prepare your or your family's food.)

- Be especially particular to wash not only your hands, but knives, plates and cutting boards after their use on more susceptible products such as raw meats and poultry before they are used to cut up or contact vegetables for salads. A good technique is to always use one cutting board for raw meats and poultry and another for vegetables. This will help prevent the organisms in the meat, for example, from contaminating the uncooked vegetables.

- Brush-scrub vegetables intended to be eaten raw to make sure no parasite or germ survives from the growing fields or retailer.

- Make sure when packing a picnic that juices from potentially contaminated foods, such as raw chicken don't drain into and contaminate other foods.

- Keep foods hot (over 140° F) or cold (less than 45° F). Don't let them "sit" at room temperature to cool.

- Hard-cooked eggs should be kept cold, even if they are in the shell. Let the eggs cool in air, not in water.

- If you kill wild game, cook it as completely as pork. Gut fresh fish and keep them cool, and don't forage for clams, oysters or crabs in prohibited or polluted waters. To be on the safe side, especially if you have an impaired liver, avoid raw shellfish.

- Ground meat is more perishable than solid pieces, so it should be one of the first items cooked on a trip. Hamburgers should be cooked thoroughly.

- The deadliest food poisoning — botulism — is now rare, thanks to modern canning procedures. Home canners of vegetables should follow safe canning instructions carefully.

- Similarly, listeria microbes can be deadly for unborn and newborn infants, and the elderly,

as seen in a recent outbreak related to fresh cheese products by a Los Angeles manufacturer. But proper pasteurization kills the germ. FDA tests have shown. Unpasteurized milk or milk products are many times more likely to contain illness-producing organisms.

Salmonella bacteria are common in protein foods, and salmonella food poisonings are common as a result. The illness generally involves mild diarrhea, cramps and/or vomiting. More serious retching, diarrhea, sweating and dehydration may occur from staphylococcal contamination of the same sort of products: custards, meats, macaroni salads, potato salads. Staph produces a toxin which is not destroyed by cooking and which can quickly develop to illness-producing quantities in an unrefrigerated fatty media such as ham or custard pie.

E. (or Escherichia) coli is a type of bacteria implicated most often in cases of traveler's diarrhea. Common in the large intestine of humans, they can be transferred when food handlers don't wash their hands properly or when waters are contaminated with sewage. "Don't drink the water or eat raw vegetables," may be good advice in some parts of the world. Also, don't eat shellfish or watercraft from sewage-contaminated waters.

Clostridium perfringens is a widespread source of mild food poisoning. Meat and poultry are common carriers. Usually the problem occurs when foods are prepared hours or a day before consumption and not adequately refrigerated or fully reheated (to 140° F) throughout.

Indeed, regardless of the germ involved, food cooked too far in advance and not adequately refrigerated spell DANGER. On a picnic, you're safest when you can keep ingredients cold to the last minute, grill your meats on the spot — and assemble your sandwiches with clean hands and utensils just before you serve and eat them.

# Blue Devils fast moving, hard hitting.

By ERIC KOPP  
PAHOKEE—"Our offense will be fast moving, and hard hitting," said Head Coach Don Thompson of his 1985 Pahokee Blue Devil football team.

Despite ineligibility problems on this year's squad Thompson is still optimistic about his team's chances.

Even with the loss of eight of his top 15 players due to academic problems Thompson said he has a good nucleus returning, and expects them to carry the Blue Devils until they are at full strength.

"We're planning on running a type of veer offense, but it takes precise timing to do it, and do it correctly," said Thompson.

Thompson feels currently his offense is not mediocre at the pass-

ing game, but with work could become good with the help of Reggie Mickens and Lawrence Manderville at the wide receiver positions.

Thompson said senior Ulysses Bolden emerged as the Blue Devils number one quarterback after his play in a jamboree in Stuart two weeks ago.

Thompson praised the signal caller for his cool and collected play against Jupiter and South Fork.

In the backfield behind Bolden will be runningbacks Andrew Guy and Pell Thompson.

Defensively, the Blue Devils will center their play around 1984 All-District and All-Conference stand-out Tyrone Campbell, who is one of the top linemen in the South Florida.

Thompson described Campbell as, "mean, strong, and with intensity to burn."

Defensively the Blue Devils will utilize a five man front.

Because of inexperience, Thompson feels his defensive secondary unit will need the most work, but added they have a lot of desire and are learning quickly.

"We're young, inexperienced, and are playing one of the toughest schedules we've ever had, but I'm still optimistic because we've have some young men out here that have the desire to play football," said Thompson.

The head coach said those players that were declared academically ineligible will be able to return around the fifth game of the season.

# 85 Gators are smaller but quicker

1985 Football Special, Page 7

**BELLE GLADE**—"We've got a bunch of kids that are good football players. We aren't as big, but we're a heck of a lot quicker," said Byron Walker, head coach at Glades Day School of his 1985 Gator football squad.

Graduation took its toll on the Gators, but Walker remains optimistic about his squad.

"Basically we'll stick

to our same offensive philosophy, except we'll run more quick hitting stuff, and utilize finesse rather than power as we have for the past five years," said Walker.

He added the Gators will run a lot of option plays, and be a little more balanced in their offensive attack.

Walker pointed out quarterback John Hundley will be a big plus for his team.

"John brings in a lot

of experience, and he had a good summer in the weight room, which put more zip on his passes. All we have to do now to improve our passing game is wait for our receivers to catch up with our quarterback," said Walker.

The head coach said he expects senior tailback Jorge Suarez to provide the running punch for the Gators.

"Jorge put on 20 pounds over the sum-

mer so his power will be surprising," Walker said.

He added he expects Suarez to do the same job as Philip Echols did for the Gators the past two seasons, but with a different running style.

As far as Walker is concerned defense is still the name of the game, and feels this year's team will be just as strong as those in the past.

Anchoring the defensive unit for the Gators

will be returning starters Ernie Soles, 6-3, 275, on the defensive line, and Suarez at one of the linebacker positions.

Although he didn't start last year, Walker said Jason Mann is practically the same as a returning starter, and will play a major part in the defensive secondary.

When asked if he could rebuild the Gators into another state championship

**EDDIE ENFINGER**

**JIMMY REDDISH**

**MIKE MILLS**

contender Walker said, "we don't rebuild, we reload."

## New Management for Crusaders

**Christian Day Varsity**

The Christian Day Crusaders are under new management this season.

New head coach Joe Ray says he hopes to better last year's Crusader record of 0-10.

Ray has a heavy background in football, playing on his college team for five years and coaching high school and college teams for three years.

Along with Defensive Line Coach James Jacks and John Chamblee, Offensive Scout team Mike Alsford, Ray, coaching the linebacker and defensive ends, are all ready to face a challenge.

Returning seniors this year will play a key part in the team's making.

Offensive/line seniors are Peter

Rawls, Anthony Copen, and Patrick Chancey. Senior Chris Dahlsmith is in the center/guard position and seniors Tim Clark and John Kelly are the tight ends.

This year's team ranging from sophomores to seniors, has a strong defense and is working toward a complimenting offense.

## Beating old record: Goal for 85

**BELLE GLADE:** Glades Central head football coach Dan Brown's goal this year is to try and beat last year's record of 6 wins, 4 losses.

"We have a lot of seniors on the team this year, but only a few are returning players," said Brown.

Brown named Receiver Darryl Sanders, Running Back Johnny Ivory, and Running

Back/Defensive End Eugene Lawson, as a few of the key players on this seasons Raider team.

"We had a real good spring practice. We've got a good running and passing team this year," said Brown. "I feel comfortable with the team.

Among their main rivals this year, the Raider coach listed, Pahokee, Suncoast, Cardinal Newman, and

Clewiston.

Besides Brown, four other coaches are prodding the team to match their potential. They are Frank Lasagna, offensive line coach; Ronald Cook, defensive back coach, Odexter Freeman, receiver coach, and Jay Seider, coaching the defensive line.

Brown is looking forward to a good season.

"I'm always optimistic," he said.

# Clewiston steps up in Class this year

The Clewiston Tigers are stepping up in the world of Florida high school football.

A perennial Class 2A powerhouse over the years—amassing an 81-16-1 record in the past eight years—the Tigers move up to Class 3A as the 1985 season opens.

Clewiston Coach Al Morrell simply notes that his team has played a predominately 3A schedule with great success in recent years. The only difference is the Tigers will play more schools from the east coast this season.

Clewiston fields a solid starting lineup, but looks thin in depth.

In junior Dwight Nicholas, Morrell thinks he has a nifty option quarterback that will help the Tigers in their outside running game. The head coach is pleased with Nicholas' improved passing the compliment his running skills.

Clewiston's main strength this season is in its offensive line.

Returning seniors

Robert Romena and Brian Frazier anchor the line at the guard spot, both have been starters since their sophomore year.

Miguel Perera, a junior, steps in to fill the shoes of departed all-state center Ken McDuffie.

Seniors John Burden and Robert Frost should be the starting tackles. Burden is a first year player who has established himself as a starter. Frost has added 30 pounds and is one of the areas stronger players.

Sophomore tight end Andrew Hibbert has won a starting spot with a show of desire and hustle. Byron Thompson will back him up.

Doug Parris is looking to improve on a fine junior year at wide receiver when he led the team in catches. He doubles finely as a kick return man also.

The other Tiger wideouts are inexperienced however. Rick Jones saw some limited action last year

and the coaching staff expects a lot from him. Sophomores Jarrod Pass and Chris Chaney, along with junior Emanuel Rouse and senior Jake Jones, figure in the receiving picture also.

Artie Rashford and Alberto Padron combine to give the Tigers two solid fullbacks. Starter Rashford is a junior with good experience, while backup Padron has shown much improvement.

Tailbacks will be Glen Hibbert, last year's starter, and Tony Baxter, a first year senior. Morrell said Baxter showed lots of ability in spring practice.

Defensively the Tigers will set up in their traditional 5-2 defense, continuing to rely on quickness and hard-hitting to get the job done.

Clewiston will be inexperienced at defensive end, however, where Miguel Perera and Tony Baxter figure as the starters with Ricky Newman and

## Clewiston Senior Tri-Captains

Brian Frazier  
Robert Frost  
& Doug Parris

Kenneth Turner as backups.

The center of the line is experienced though, with noseguard Robert Frost and tackles Brian Frazier and Robert Romena entrenched in the starting lineup.

John Burden and Cliff Greenwood will be looked to as backup for those spots.

The linebacking corps are led by last year's starter Artie Rashford, Andrew Hibbert will battle his

brother Glen and Alberto Padron for the other slot.

The secondary is young, but should be improved over last year. Doug Parris brings his natural athletic ability to play, forming a solid nucleus with Jake Jones. They will be joined by Emanuel Rouse and sophomore Chris Chaney. Two seniors, Rick Jones and Byron Thompson, should help immediately. Additional help may come

from Dwight Nicholas, Jarrod Pass, Chan Miller and Charles McCoy.

The kicking game will be handled by Charles McCoy and Dwight Nicholas. Both show potential but have not proved to be consistent.

With a 25 man roster to start the year off, a rash of injuries could prove costly as they prepare for a schedule Morrell calls "tough" in a "new 3A district which will be very challenging."

# Leadership pulls Terriers together

Intangibles and unknown quantities hold the keys to the '85 season for the Moore Haven Terriers and new head coach Tom Kitchen.

"There's enough senior leadership to pull the team together and provide the stability when the going gets tough," says Kitchen. "They'll jell the spirit when it's needed to keep things moving."

"And talent! These are some of the finest athletes I've ever worked with," he continued. "They're quick, willing and have lots of speed."

The unknown quantity that rings in the back of the head is one which bothers any coach, especially a coach with limited resources. Injuries.

"There's just no depth," Kitchen says. "An injury to a starter at most any position could spell a real tough time for us."

But where there is an identifiable problem, steps can be taken to minimize the situation.

"That's why we have been emphasizing our conditioning and weight program," Kitchen went on quickly. "Coach Wayne Reese has been working the boys hard. They are putting in extra time in the weight room and in their conditioning exercises."

The concentration of effort during the pre-season has been on going back to basics. "We are emphasizing the basics. In our offense and defense we are working with a limited number of plays," Kitchen continues.

He goes on to say, "As one play or a series is well executed a number of times we will be adding something more."

"We will feature a low risk offense," Kitchen notes. "This doesn't mean we won't use a surprise or two to catch the opponent off guard."

For Kitchen, a low risk offense is one which minimizes the handling of the ball to cut down the possibility

ty of fumbles or carrying into areas where the potential of injury is less.

The new mentor says he looks to Lavone Brown, his left handed quarterback, for strong games. Brown will be starting his first season as signal caller.

"There is an advantage to a left hander," says Kitchen. "Most teams are geared for a right side flow of action. With Brown in there we have one extra element to may cause the opponent react just a little slower."

For the upcoming year, Kitchen says he is looking for strong production from Wayne Moore, full back, and Nat Kelly, deep back.

"Either of these boys has potential of being a part of 'all' teams. You know all conference, all South Florida and the like."

Just how serious is he about the potential of these two strong young backs? He's predicting that between them they will combine for a high teen

yardage total before the final whistle blows."

"There's just no give in either of these boys," Kitchen says.

"Defensively we will employ a search and destroy technique. We will be more physical than most of our opponents," Kitchen says.

"Defensive Coach John Huysman has the boys keyed up and scrapping to get into the fray," the head coach continued.

"We'll count on a lot of overall speed," Kitchen noted. "This will be possible, even with our small squad, as another benefit of the conditioning program Coach Reese has developed."

"I'm looking for good things from the defense," he continued. "The boys are already thinking of a name for themselves...right now it looks like the Doghouse Bunch."

He says to watch the play of Anton Drator and noseguard Grady McPhearson.

"For us to win," Kitchen added, "we're going to have to get a good game from McPherson."

But then he went on to say he is looking for good things from several players: Scott Bass, Pero Osceola, Jami Braswell and Carlos Tobias.

Since first arriving in Moore Haven, Kitchen has been proud of the support provided the team by the residents of the County. He says he sees the success of the team as a potential catalyst to strengthen the entire community.

Kitchen doubles as athletic director and an English teacher at the Moore Haven High School. He expresses strong appreciation for the Terrier's new high school principal Richard Prowant. "He's been supportive and has made good recommendations on how to improve our athletic program," the coach notes.

Being a good football

player is not enough for Kitchen. "Players will also be students. They will maintain more than the minimum academic level if they wish to play here."

"If the student has the ability and wants to go on to college," he says, "I want him to be able to do so. I don't want his career to stop here because he didn't have the marks to get into college."

"I know," the coach says, "the boys will grow with each game. It's important for the team to capture the interest of the home folk early in the season."

An optimist and a motivator, Kitchen smiles with confidence, his eyes twinkle, as he declines to make a prediction for the year. He says only, "We'll do our talking Friday nights during the game. That's the only place it counts anyway."

# LaBelle Cowboys now at Competitive crossroads

The LaBelle High School Cowboy football team coach, Bob Manuszak, feels that the team can be competitive in their schedule. He feels they are at a crossroads in their program and this may well be their first winning season in seven years.

He considers the team's offensive line; running and passing games to be their strong points. Their defensive game is still something of a question mark, but they're working on it.

A lot of work goes into getting a team ready for the season. They must review offensive and defensive responsibilities and launch into a cardiovascular build-up. From there on it's a mental game, largely. It's then that teamwork becomes all

important.

The first game of the season, Homecoming, and the "big" game of the year, the kids are always "up" for. The adrenalin is flowing and their competitive nature asserts itself. It's during the rest of the season that a coach must work hard to get his team ready psychologically to play. These are the times a coach must really know his players — know when to be tough and when to quietly encourage. Football is a physical sport, yes — but it's also a mental game.

Coach is looking for six close games this year — six that could go "either way." These will be the real challenges for the team. This is where their hard work can pay off — in self-confidence and comfort

with the plays.

When you're part of a team you live, cry and bleed together, says the coach. Your successes and failures are collective.

Watch the Cowboys' kicking game this year — it should prove interesting. The Cowboys' place kicking is in good shape with three place kickers and two fine punters. Quarterback Kevin Holland is hoping to eliminate many of their opponents' ball returns with the placement of his kickoffs. Richard Guthrie's punts during practice have been long and good — and he's working on his control of the ball.

There are a number of Cowboys Manuszak will be counting on heavily this season. Co-captains Kevin Holland (No. 15 quart-

erback) and Greg Jolly (No. 53 center), who was last year's defensive MVP; Richard Guthrie, No. 3, playing fullback / middle linebacker; Kevin Tucker, No. 64, playing guard / tackle; guard / linebacker Mark Wineinger, No. 52; tightend / defensive end Mark Knowles, No. 99; tailback / corner back Steve Perry, No. 21; and two wide receiver / safeties, Mike Burton, No. 5, and Ricky O'Ferrell, No. 1.

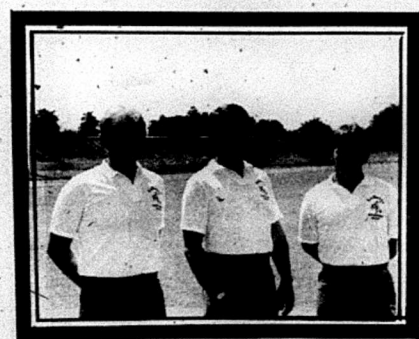

The Cowboys have two varsity coaches in addition to Manuszak. Brent Ringler, a three-year veteran at LHS, responsible for the linemen and linebackers; Ron Dunbar, who's been with the team two years and works with the offensive backs, receivers and defensive backs.
